But a lady from Frankfort offered her for $35 and she wouldn't let her have it cause she was no relation. Says she got cause she was named for her grandad Lyon and she says she has some old Lyon pictures she will send to you if you take the Euro. Dear Dr. Miller,

I am enclosing in this letter Dr. Stanis's record. But as far as I can judge from the title page alone, I have not been able to get any dates about Dr. Hooff. If I should be able to determine the dates, I shall of course write to you at once. The only thing I know is, he bought a large brick house near me at the end of the year 1873. I think his wife has the house. Mrs. Hooff's first husband, Joseph Miller, was thrown up, not long after they were married, on the "Blue Ridge" just before they reached her father's landing where they were to put off. The being in the water was not hurt. Their son, Morgan Hoooff, married Dr. Stanis.

My dear Dr. Müller,

I see that you have not heard from me in a few days again. I hope you have not changed your mind about the Stan. Case.

And I was not set much about the Hooff. Dr. Shibley was bitter up in the West Ct. Historical Magazine published at Charleston by Liddo.
